Art Unit: 3722

1. The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following:

Claim 12 has been canceled after the prior oath has been submitted, such that this error corrected is not presently covered by an oath or declaration. Also, the declaration of September 8, 2004, has a non-initialed change (see the name of the third inventor adjacent the signature). See MPEP 605.04(a).

2. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-6, 8, 10-11, and 13-19 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

“Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant.”

See MPEP § 1414.01.

3. The present specification of record is not in the double column format. Applicant is required to submit a new specification in double column format.
4. The amendment of 2/16/05 does not comply with 37 CFR 1.173(b), as there are several mistakes. In claim 14, line 5, “and” needs to be underlined. In claim 14, line 11, “such that” should not be underlined, as it is part of the original claim. On line 13 of claim 14, “, and” needs to be underlined.

Art Unit: 3722

5. Applicant's arguments filed 12-8-05 have been fully considered but they are not persuasive. As discussed above, a new declaration is required.
6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

7. Any inquiry concerning the content of this communication from the examiner should be directed to Daniel Howell, whose telephone number is 571-272-4478.
